

Programming & Robotics Club

< Hello ! >

Exciting News for Parents!

About Us

Empowering students aged 6 to 13 with hands-on skills in programming, robotics, and innovation.

Technology is advancing rapidly, with new innovations transforming the way we live, work, and communicate every day. In this fast-changing world, learning essential tech skills like programming, artificial intelligence, and robotics has never been more important.

What is the Programming & Robotics Club?

The Programming & Robotics Club is an exciting opportunity for students to dive into the world of coding, artificial intelligence, and robotics. Designed for kids aged 6 to 13, this club offers:

Hands-On Projects: Students will code their own games, program robots, and create innovative solutions to real-world solutions at a level of their understanding.

Age-Appropriate Learning: Tailored lessons ensure that each age group learns at their own pace.

Expert Guidance: Classes are taught by Paragon-eSchool's experienced instructors who make learning fun and engaging, and impactful.

Benefits for Your Child

Joining the Programming & Robotics Club will help your child:

- ✓ Develop problem-solving, teamwork, and creative thinking skills.
- ✓ Gain hands-on experience in coding, artificial intelligence, and building robots.
- ✓ Build confidence by turning ideas into real projects that solve real world problems.
- ✓ Stay ahead of the rest in this tech-driven future, where programming, artificial intelligence, and robotics are essential skills.

Why Choose Paragon-eSchool?

At Paragon-eSchool, we specialize in nurturing young minds with practical and innovative teaching methods. Our team of experts ensures that every child receives personalized attention to excel at their level.

Offer!

Benefits of Partnering with Us

- ✓ **Complimentary Website Development**
Receive a professionally designed website for your school at no cost, enhancing your online presence.
- ✓ **Community Engagement Opportunities**
Serve as the host venue for our workshops and open days, increasing your school's visibility and engagement within the surrounding community.
- ✓ **Official Partnership Recognition**
Your school will be acknowledged as our official partner in all public communications, showcasing your commitment to innovation and technology.

Enroll Your Child Today!

Club Details

✓ Who Can Join?

Students aged 6 to 13 years

✓ Club Structure

Weekly sessions hosted in the school

✓ Program Highlights

- Early coding and robotics for younger learners.
- Intermediate and advanced programming and robotics for older students.
- Real-world problem-solving and teamwork
